Who We Are

Oasis Manchester is a growing network of outward looking Christian professionals, united in their passion to live out their faith more effectively at work and see an influential Christian presence at the heart of the city centre business community.

We work in direct partnership with many local churches, offering ourselves as a resource for members of their congregation.

Our Vision

We work to see individual lives and businesses transformed as a direct consequence of people living out their faith at work.

We want our friends, colleagues and business contacts to have an opportunity to explore the Christian faith in a way that is relevant and accessible to them.

We offer a framework of high quality events that people can fit into their schedules and feel comfortable inviting their friends and colleagues along to.

What We Do

Our activities focus on three key areas:

» Engagement

Serving the wider business community by providing practical assistance and input on topical business and lifestyle issues.

Example events: Workwise@One and New Futures – lunchtime sessions which have tackled issues such as leadership, work/life balance, company culture and bouncing back from redundancy.

» Encouragement

Applying our faith at work is an ongoing challenge to us all, and so we are always asking what we can do to encourage and equip the body of Christ in their pursuit of a fully integrated faith. **Example events:** God At Work, Business Life Groups, individual talks and social events with a Christian speaker.

» Exploration

Providing accessible events aimed at assisting people in their spiritual exploration. **Example events:** Christianity Explored, Business Alpha, Lunchtime Carol Service, one off events with interviews and/or speakers addressing specific topics.

Help Us Connect

At present we know of nearly 150 Christians working in the city centre but there must be many more. In Birmingham and Edinburgh for example, where similar ministries exist, the known number is in the region of 500-600. Do you know of anyone else who might appreciate being aware of what is happening in the city centre? If so, perhaps you can direct them to our website or forward them this PDF.

“If the Christian faith is not relevant in the workplace it is not relevant at all”

Ken Costa

Chairman of Lazard International
